

Lower 4 showing off their cooking skills

Lower 4 are just about to complete a term and a half of food lessons. For their penultimate lesson they were able to repeat a practical that had been cooked in a previous lesson. Some chose a practical that they missed due to absence, others a practical that they wanted to master and some simply selected the recipe they most liked to eat!

Lower 4 were brilliant and worked hard to demonstrate independence and organisation while everyone made something different.
