

A bit of magic comes to Gateways...

Upper 3 are very excited to begin their new text in English, 'Harry Potter and the Philosopher's Stone'. They will leave Gateways behind and be whisked away to the world of Hogwarts – a world of giants and potions and teachers that turn into cats.

Pupils will develop their imaginative writing, become more confident readers, and will develop their literacy through a range of projects relating to the world-famous, well-loved books.

So, consider this fair warning; don't get on the wrong side of our Upper 3 pupils this term or you might just find toads in your teapots or beetles in your beds!
