

Duckling fun in Upper 1!

This week has been particularly eggciting and Upper 1 went a bit quackers in science this week as we got to study our lovely ducklings!

We watched a film about how the ducklings develop inside their egg shells, before getting to meet 'Quackers', 'Bob' and 'Dave' (named by the children!).

We all got to hold them, before watching their antics as they enjoyed running around the classroom! Finally, the best bit was giving them all a bath – something they all greatly enjoyed!

Miss Beth Hayter and Mrs Alex Arundale
