

Sewing success

As part of our art topic this half term, the children in Lower 1 have been honing their sewing skills. They practised a new style of stitch on template shapes and created some lovely animal hand puppets which they then decorated. All the children showed fantastic resilience with a difficult task and applied their new skills to bringing their very own designs to life. Each child in Lower 1 has designed a glove puppet, cut out their own felt template, and sewn each stitch independently to make their puppet.

We are so impressed with how well all the children in Lower 1 have worked on their puppets and we hope you love their wonderful creations!

Well done Lower 1!

Miss Beth Adamson and Miss Charlotte James
