

## Lower 3's treasure hunt

Lower 3's last 'pirate project' topic lesson naturally lent itself to a search for some pirate booty!

The class divided themselves into two teams and devised some fiendishly difficult questions which eventually led the opposing teams to the treasure. Much fun was had as they watched each other making wrong deductions and running full pelt to the wrong locations! The groups did manage to find their treasure in the allotted time and they enjoyed tucking into some well-deserved treats involving a range of Swizzlers and Maltesers!
