

Lower 4 explore poetry on a world-wide scale

This term in English, Lower 4 have been studying 'Poetry from Other Cultures'. This has included learning about Japanese Haikus, Australian ballads, and Jamaican Reggae rhythmic poetry, amongst many others.

Pupils have been excited to delve deeper into the cultures surrounding the creation of such poetry, explore their own cultural identity, and even recreate some of the styles themselves.

It really has felt like we've been around the world in 80 days (and in 80 ways!). Furthermore, the next Maya Angelou might just be in our midst...watch this space!
