Upper 5 Games

Whilst High School and Lower 6 have been busy with their examinations, Upper 5 enjoyed playing a variety of games on Wednesday afternoon. This was their penultimate games session and so we offered several outdoor games, thankfully the weather was on our side. Some of the girls have really enjoyed playing tennis over the last few weeks and opted for that or rounders leaving most of the boys to enjoy playing basketball.

You can see from the photos above and below that they became quite competitive whilst displaying their talents in their chosen sports.
