

## Eco Warriors

This has been the first year of our Eco Warriors club, and what a year it has been!

The children arrived at the first meeting in September with so many wonderful ideas of how we can work together to make Gateways more eco-friendly.

It has been fantastic that we have been able to put some of these ideas into action.

So far, this year's warriors have:

- Implemented paper recycling in all classrooms across Prep.
- Set up a bird feeding station (although at the moment it is very much a squirrel feeding station!) and hedgehog house.
- Started a pen recycling programme across Prep.
- Started to collect batteries for recycling.
- Arranged for an area of the field to be re-wilded.
- Made the most fantastic bug hotel!

The children have achieved so much in one year, it is truly wonderful to have been a part of it.

Next year, the new warriors will be involved in helping to extend our work to include the High School too - we can't wait!
