## Sports Day - track events

Unfortunately, due to the recent poor weather, the running track was not in a suitable and safe condition to run the track events on sports day last week. However, with the superb weather we had over the weekend the track was in an excellent condition for this week. Upper 4 & Lower 5 completed their track events on Monday, the Sixth Formers on Wednesday and the Upper 3 & Lower 4 pupils on Thursday.

Each house had competitors running the 100m, 200m, 800m and the relay. The determination and participation to record the fastest times and get points for each house was exceptional on all three afternoons and I would like to congratulate all the competitors for their efforts. The house sports day points will be announced to the pupils and added to the overall house totals.

The results are below:
