

House photography competition

At the end of last half term we ran a photography competition based on the theme of nature. We encouraged pupils to get outdoors and capture their best photographs to win points for their house over half term. The entries were all anonymous and myself and Mrs Fairclough judged the photographs from each year group for winners and runners up. We had a fantastic range of entries varying from sunsets, to wildlife, to running water.

I have attached the winners, names and houses below for you to enjoy. Well done to everyone who entered and won points for their house.
