

## KS1 visit Thornton Hall country park

Last week, Transition and Lower 1 visited Thornton Hall Country Park, near Skipton as a way of marking the end of a brilliant year!

We took part in lots of fantastic activities including a barrel train ride and deer safari. The children (and lots of the adults, actually!) had a brilliant time in the soft-play area, which had a selection of rather 'hair-raising' slides! Some of the children even overcame their fears and had a go on the biggest slide we've ever seen.

We got the opportunity to meet, feed and pet lots of different animals including lambs, goats, pigs, alpacas, llamas and guinea pigs. A highlight for all was having the opportunity to hold and stroke some extremely cute 4-week old rabbits; it's a surprise no one ended up taking one home in their pockets!

We all had a wonderful day and the weather was even kind to us! What a fantastic day out!

Mrs Heather Hallam, Miss Beth Hayter, Miss Beth Adamson and Miss Charlotte James
