

Order in the court

Following on from our hot seating last week, the children in Lower 2 put their skills to the test and created a courtroom in our classroom! The defence fought hard to free the poor Wolf, even bringing the famous Shrek as a witness. The prosecution team were determined to keep the Wolf in prison, away from the public so he couldn't commit any more crimes. The children used their excellent persuasive skills to put forward their arguments. The Jury are currently adjourned, with a difficult decision to make. Stay tuned for the final verdict...
