Enrichment Week - Monday

Enrichment Week began in impressive fashion with trips to Valencia and Alton Towers, as well as the CCF departing for their week's camp.

Those staying in school opted to spend a day either beginning their CREST (Creativity in Science and Technology) Award, or working through a variety of activities in order to deliver a Dragon's Den style presentation and enjoy a homemade afternoon tea at the end of the day.

In the morning, one group of 30, went strawberry picking in Horsforth, whilst another learnt how to bake scones. The others worked in teams through three different carousel activities in art, business and drama/music which were designed to help them unite as larger groups in the afternoon to produce their afternoon tea.

In the afternoon Mrs Holmes, aided by Mr Widdop, led a jam making session whilst the other three teams, led by Mrs Farrington and Mrs Johnson, Mrs Harrison and Miss Iveson, and Miss Brotherton and Mr Lenihan worked with the Dragon's Denners to produce a themed table and prepare the presentation to advertise their jam and tea companies.

A lively and exciting day, putting all the pupils under pressure to deliver on time, provided some competitive stress but plenty of fun and lovely scones and jam!

Mr Martin Davison
