

## Lower 5 residential to Alton Towers

Lower 5 pupils had a blast on their recent residential trip to Alton Towers! They splashed down water slides at Splash Landing Hotel, putted on an extraordinary golf course, and enjoyed friendly competition in the arcade.

The highlight? A thrilling day at the theme park! They conquered The Smiler, rode Rita, Queen of Speed, and braved the dark depths of Nemesis Sub-Terra. Laughter and screams filled the air as they navigated rapids and explored the park.

This trip was more than just fun. It fostered friendships and prepared them for the challenges of Upper 5. They return to school refreshed and ready to face whatever comes their way, just like they conquered those Alton Towers rides!
