Happiness in Reception

The children have been thoroughly enjoying our weekly PSHE lesson. They have learnt about the importance of listening to each other and sharing their own ideas. This week we talked about feelings and how we can manage our emotions. We talked about what makes us feel excited, worried, sad and happy.

The children were very eager to share all the lovely things they do that make them feel happy including; picking flowers for Mummy, playing with siblings, cuddling the dog and even coming to school. It is wonderful to see the children gaining confidence in talking in front of their peers. Well done Reception!
