

All about Upper 3

Pupils in Upper 3 have produced their first piece of written work in English: "All About Me". They produced an extended piece of writing in which they introduced themselves and included sections on their favourite things and their hobbies and interests. They also reflected on their experiences of school, their earliest memories, their travels and their expectations for the future.

They all enjoyed sharing their ideas; this group show an amazing amount of talent and I look forward to reading their creative writing.
