

## Upper 3 settle into High School

Just two weeks into their High School journey Upper 3 have forged new friendships, experienced new subjects, and overcome the nerves that this stage in their education may present. This has been particularly evident in the team-building circuit on their first week in the Sports Hall and riddles of the week that form tutors have shared which have encouraged new friendships to form (with pupils both new to Gateways and those that have moved up from Prep School).

A high point of settling into High School has been the fresh endeavours undertaken by **all** Upper 3 pupils on our action-packed three-day residential to Lockerbie Manor. We look forward to the adventures that the remainder of our first year in High School will hold.

Mrs Gemma Hamlyn
