

Welcome back Upper 1!

It has been a week full of learning new routines, challenging lessons and getting to know each other! Miss Adamson and Ms Stewart have been so impressed with how maturely the children have dealt with a lot of change and are really looking forward to a fun-filled year with everyone in Upper 1.

We have been getting stuck straight into our learning and have been exploring place value of numbers up to 100 in our maths lessons. The children have used a variety of resources to explore place value and will be building on their knowledge over the next few weeks.

Well done on a brilliant start!

Miss Beth Adamson and Ms Kate Stewart
