Bonkers about conkers!

This week the children have had a ball with conkers, using them in many ways. After collecting the conkers from the school grounds, we enjoyed making creatures with them in playdough, dipping them in paint to create a picture, rolling them down pipes and balancing them on our boards. We got a little competitive during our conker and spoon races and also went on a big adventure using binoculars to search for conkers. The children pretended to be a conker and learnt that they would grow into a horse chestnut tree.

Have a good weekend.
