Happy Halloween!

Our spooky week has been so much fun. We have been playing a range of fun games; the children have been on a bug hunt and counted their body parts. We looked at a skeleton costume and compared it to our body.

Feelings were discussed after we listened to a range of spooky stories; the children spoke about what makes them scared and we used our puppets and the Colour Monster story, to help us understand what this feeling is.

One of our favourite activities was to dress ourselves in Halloween costumes and frighten our teachers and friends. The children enjoyed taking part in Halloween cosmic yoga and dancing.

Have a good half term!
