

## Shoebox diorama competition

This year's Autumn humanities competition challenged the children to create a diorama in a shoebox depicting a historical moment.

Previously drab and utilitarian containers became mini worlds, depicting events that ranged from pre-history to the Space Age.

The response from the children was fantastic; the quality of the entries was so uniformly excellent that it was very difficult job choosing the winners and runners-up.

Everyone who entered should be thoroughly proud of their efforts and we can't wait to see what you will come up with for our Spring competition.
