

Harper's fundraising

Not all children will get to spend their Christmas at home with their families.

Harper in Lower 3 and her family often get involved with fundraising for the Oncology ward at Leeds General Infirmary. Over the years they have managed to lift the spirits of the children, families and staff on the ward with the funds they have raised which are over an incredible £50,000!

They are continuing their fundraising campaign this year once again to be able to donate Christmas presents.

What a fantastic cause Harper!
