

CCF Exercise FIRST KNIGHTS 2024

Our CCF cadets recently participated in the residential weekend Ex FIRST KNIGHTS at Strensall Camp, where they engaged in weapons training and testing using the MOD's 5.56mm GP rifle. The cadets demonstrated exceptional weapon handling skills, particularly during the indoor DCCT session, with impressive shooting ability showcasing their marksmanship prowess.

The weekend also included evening activities including eating out at Nandos and fun in the bowling alley. We are proud of our cadets for the hard work and determination they demonstrated during the weekend.
