

Lower 3's roving reporters

The Times, The Guardian, The Daily Planet, and now...The Gateways Gazette. A dedicated team of budding journalists from Lower 3 are working tirelessly to produce the first edition of our Prep School newspaper.

Expect education, information and entertainment from our very own Woodward and Bernsteins as they lift the lid on life at Gateways, uncovering the truth and reporting the news that really matters.

They're on a deadline and they mean to meet it, so soon you really will be able to read all about it. We can't wait!
