

## Sewing success in Lower 1

As part of our art topic this half term, the children in Lower 1 have been honing their sewing skills. They practised a new style of stitch on template shapes and created some lovely animal hand puppets which they then decorated. All the children showed fantastic resilience with a difficult task and applied their new skills to bring their very own designs to life.

Each child has designed their own royal glove puppet to link to our 'Kings and Queens' topic in humanities. This week in our art lessons, we cut out our felt templates and began sewing our puppets. Over the coming weeks we will be adding decorations to our hand puppets and turning them into famous British Monarchs.

We are so impressed with how well all the children in Lower 1 have worked on their puppets so far and we can't wait to see their final creations!

Well done, Lower 1!

Miss Beth Adamson and Miss Charlotte James
