

Lower 4 Spanish train to be holiday detectives

In our recent lessons, we have been focusing on how to use different tenses to make our texts more interesting. This half term we are learning about the Spanish preterite; a tense which is used to describe a completed action in the past.

Pupils have enjoyed using a range of resources such as listening activities, gap fill activities, Kahoot games and sentence builder tasks to improve their understanding and make their own accurate sentences.

In our next lesson, we will turn detective in order to solve written clues about where different people went on holiday. I look forward to seeing how quickly we can solve the case!
