We've been on a bear hunt

This week the children have had a lovely time focusing on the story 'We're going on a bear hunt'. We have been decorating and making a pair of binoculars, to help us look for the bear.

The children have been moving their bodies in a range of ways during our yoga sessions, splashing and swishing through the river and the grass. The compare bears have been very popular - we have played with them in the playhouse, the sand and sorted them in size order before matching them to the boards.
