

Upper 1 teamwork in PSHE

As part of their PSHE topic of 'Dreams and Goals', the children in Upper 1 are working together in teams to design a dream garden. They have to plan carefully, stick to a budget and overcome problems. To improve their teamwork skills, they played a jigsaw picture game where they raced against the clock to find classmates with matching pieces to make a garden picture. We're looking forward to seeing the finished garden designs soon!
