

## Upper 2's High School experience

On Wednesday this week, Upper 2 enjoyed the day as High School pupils. They spent time in High School classrooms, being taught by High School teachers experiencing a range of lessons.

They started the day by learning about the gory history of Germany and Denmark, then had a tour of the older parts of Gateways and linked it to haunted texts in English. Following this, Wayne treated the pupils to freshly baked chocolate cookies and juice at break time. In their PSHE lesson, the pupils looked into kindness and discussed love boomerangs. In art, the pupils used oil pastels and printed amazing patterns they looked at algorithms and following steps to making origami foxes in computing. The pupils worked in teams in their science lesson to see who could roll the marble the slowest using different materials.

They also worked together in Houses to complete some House activities lead by the House officials.

Upper 2 were a pleasure to welcome into High School and the feedback they gave was that they really enjoyed the lessons and that the teachers were really nice!

All in all, it was a fantastic day, and the children were very excited to share lots of detail about what they had been up to.

Mrs Sara Holmes, Mr Mike Arnold and Mr Matt Chandler
