

Getting back to it in Upper 1

We have enjoyed being back in school and getting back into the swing of things. The children were excellent at settling back into routines, especially in the madness of the snow last week and they enjoyed finding challenges in the classroom during indoor playtimes, including creating cube-chains around the whole classroom. They worked brilliantly in pairs to explore Scratch and trying their hands at programming despite network challenges.

Keep up the hard work and kindness Upper 1!

Miss Beth Adamson and Ms Kate Stewart
