

Lower 2 visit Eureka!

Last week, Lower 2 enjoyed a fantastic trip to Eureka!

We started the day by visiting the 'Living and Working Together' gallery where the children could design and mend cars, drive buses, wash their clothes and cook a meal for everyone.

Then we went to the 'All About Me' gallery. Here, the children could discover fantastic facts all about the human body. There was a dental surgery and maternity unit and the children could even see what they would look like when they're older!

Then it was time for the Sound and Light Workshop. This was an amazing interactive show where the children learnt all about how light and sound travel, how they are created and how they can work together to create some magical results! We enjoyed making shadow puppets and creating optical illusions using water.

Finally, it was time to visit the mini town which includes a post office, supermarket and a bank. It was amazing to see the children play and use their imaginations.

All the children (and the teachers!) had a wonderful time and learnt lots!
