

## Upper 2 take flight with a creative twist on Icarus

Pupils in Upper 2 have been busy bringing Greek mythology to life in their drama lesson with a creative twist! Using card and lolly sticks, the class crafted striking silhouette puppets of King Minos, Daedalus, Icarus, and their famous winged escape. Inspired by the legend of Icarus and Daedalus, the children re-imagined the tale in their own unique ways, adding modern elements or alternative endings. The project combined drama, storytelling, and art, giving the pupils a fun and imaginative way to explore myth and performance.
