

Upper 4 learning about different festivals in Spain and the Spanish speaking world

Upper 4 pupils in their Spanish enrichment lessons have been exploring various festivals celebrated in Spanish-speaking countries. In recent weeks, they have focused on festivals in South America. As part of their learning, some pupils have created their own 'mapa de carnaval,' highlighting different festivals in Bolivia, Peru, and Chile.

Additionally, the pupils have been learning about 'La Tomatina,' a famous festival held in August that involves a lively tomato fight. Other, less messy but equally fascinating festivals they have studied include 'Las Fallas' in Valencia, 'La Feria de Sevilla,' and 'San Fermín.'
