Upper 4 Spanish have been learning about the Seville fair which takes place each Spring.

We discussed the origins of the fair as a small livestock trading event and how it has evolved into a very popular social event. Pupils researched the typical food eaten at the festival, the traditional clothes worn and the different customs and traditions such as the traditional dances and the horse-drawn carriages. We talked about what visitors to the festival would experience.

Pupils then spent time creating their own brochures to advertise the fair – you can see some examples above and below. Great work Upper 4.
