

Upper 6 sociologists attend Easter revision sessions

On the first day of the Easter holidays our Upper 6 sociologists came into school for a revision day with Mr Holmes and Ms Bromley. Fuelled by lots of snacks they worked really hard and we were so impressed by their commitment. They had a really productive day in school, they spent a morning working on Paper 2 and spent their afternoon working on Paper 1 & 3. They have completed their courses and are now busy revising the topics of Education, Research Methods, Families and Households, Media, Theories and Crime. They have had a very successful two years with us and we will really miss them. We wish them all the very best for their exams and their adventures afterwards.

Ms Helen Bromley
