

## Haley tops the Sparx Maths leaderboard!

Sparx Maths continues to support pupils in developing their skills through regular practice and rewards. Its XP points system motivates learners by awarding points for homework, independent learning, and strong study habits.

This term, we're thrilled to congratulate Haley (Lower 4), who leads the school with an incredible 20,619 XP points! With each task worth just 100 points, her achievement reflects outstanding dedication and consistency.

Close behind were Emily (Upper 3) with 14,169 XP and Lottie (Upper 3) – last term's top scorer – with 12,306 XP. Well done to all three for your fantastic efforts!

Mrs Ivana Anderson
