

Lower 1 geographical art

This half term the children have worked very hard on a geographical art project. To begin with, they used tissue paper and a map template to create the different continents and countries around the world. They then used an inflated balloon and added paper mâché to create the sphere shape for their globe. This was then painted blue and the children enjoyed sticking the continents to their globes and labelling it, using an atlas to help them – great work Lower 1!
