

## Cherry in the bluebells

As we start the summer term the extra-curricular clubs are back up and running. High School running club meets every Tuesday lunchtime at 12.50pm outside the dining room and we go over to the Harewood estate for a mental break and some fresh air and exercise. Often, we take Cherry the school dog with us and this week we went through the woods and were treated to a beautiful display of bluebells. It lifts the spirits and feels very much as if Spring is finally here!

There are a huge selection of clubs to get involved with so make sure you are signed up to something of interest outside of lesson time.
