

## International Day

Last week we enjoyed our third annual International Day in the Prep School. The children enjoyed learning about different countries whilst experiencing the food, the wildlife, the dress, the art and the pastimes of seven continents.

On top of this, all of the children participated in an amazing Chinese dance workshop, listening carefully to instructions before showing off their skills with fan, parasol and dragon.

The enthusiasm and the engagement of all involved really helped the day to go off successfully and I'm confident the children took a lot from it, not least a new-found appreciation among some of them of the finer French cheeses.
