

## A trip to the zoo!

On Monday, Transition had a special treat – a trip to the Yorkshire Wildlife Park.

The sun was shining for us and we could not have asked for better weather.

As soon as we arrived, we headed straight to see the polar bears. They must have heard that we were coming and were all prepared to meet us – one was making a big racket impatiently waiting for his dinner whilst one was having a little swim to keep cool!

We then went to meet the baboons, giraffes, wallabies (one had a joey in its pouch!) and lemurs. We were lucky that lots of the animals were out and about.

We also got to see some recently born lion cubs and leopards on special screens set up near their enclosures!

Before heading back to school, we managed to have a play in the fantastic adventure playground – where the children showed off some of their own climbing skills! A quick ice cream rounded off the trip nicely.
