

Upper 2 – buddy reading

What better way to start a Monday morning than with a good book and a good friend?

Upper 2 headed down to Reception for a lovely reading session with their buddies and it was such a joy to see. The room was full of smiles, quiet chatter and lots of cosy corners where books were being shared and stories brought to life.

The Upper 2 children were fantastic, kind and full of encouragement. Some joined in with the reading, others just listened to the stories being told. It was clear how much they enjoyed spending time with their older reading partners.

It's not just about reading (though that's a big part of it!) it's about confidence, kindness, and making links between year groups.

Here's to many more Monday mornings that start like this!
