

Upper 2's local history walk

As part of their local study in humanities, Upper 2 took to the streets of Harewood to learn a little bit about the history of the area.

As well as the pepper pot gatehouses, the Doric arch, the library and scientific institute and the old ribbon factory, they visited Ivy Cottage, the oldest building in the village, and convinced themselves that it was haunted.

Who knows, maybe it is!

Mrs Sian Tomlinson and Mr David Woodfine
